POWER & ANTENNA INSTRUCTIONS

First check the tabs in this manual and find the photo's for your assigned shelter.

How to connect the Motorola public safety radio (Law Enforcement Channels) to the 800 MHz antenna specific to this radio which is located outside your shelter near the roof.

Connect one end of the black antenna coax labeled Motorola 800 MHz to the 800 MHz antenna connector Port #1 located on the rear of the Communications Go Box. Connect the other end of this same cable to the 800 MHz antenna connector located on the bottom of the gray box (See photo's in this manual for your specific shelter) which is mounted on the wall of your assigned shelter room that is also labeled 800 MHz. This connects the Motorola 800 MHz law enforcement radio to the outdoor 800 MHz antenna.

How to connect the ICOM UHF/VHF Amateur Radio to the UHF/VHF antenna specific to this radio. This antenna is also located outside on the same antenna mast that the 800 MHz antenna is mounted on located on an outside wall of your assigned shelter near the roof.

Connect one end of the black antenna coax labeled ICOM UHF/VHF to the UHF/VHF connector Port #2 located on the rear of the Communications Go Box. Connect the other end of this same cable to the UHF/VHF antenna connector located on the bottom of the same gray box mentioned above (see Photo's) which is mounted on the wall of your assigned shelter room that is also labeled UHF/VHF. This connects the ICOM UHF/VHF Amateur Radio to the outdoor UHF/VHF antenna.

Connect the black 110/120 AC power cord to the back of the Communications Go Box. Plug the other end of this power cord into a 110/120 AC electrical outlet.

Toggle switch for selecting between AC power & battery power ←

→ 12-Volt back-up battery connection “in” located on left side of Paradan power strip

Archer Elementary
14533 SW 170th St
Archer, FL 32618

The antenna connection is in a gray box at Archer, and is located in building 6 the cafeteria, room 06-004.

Archer Elementary

Archer Elementary

Buchholz High School
5510 NW 27th Ave
Gainesville FL, 32606

Buchholz High School

Buchholz High School

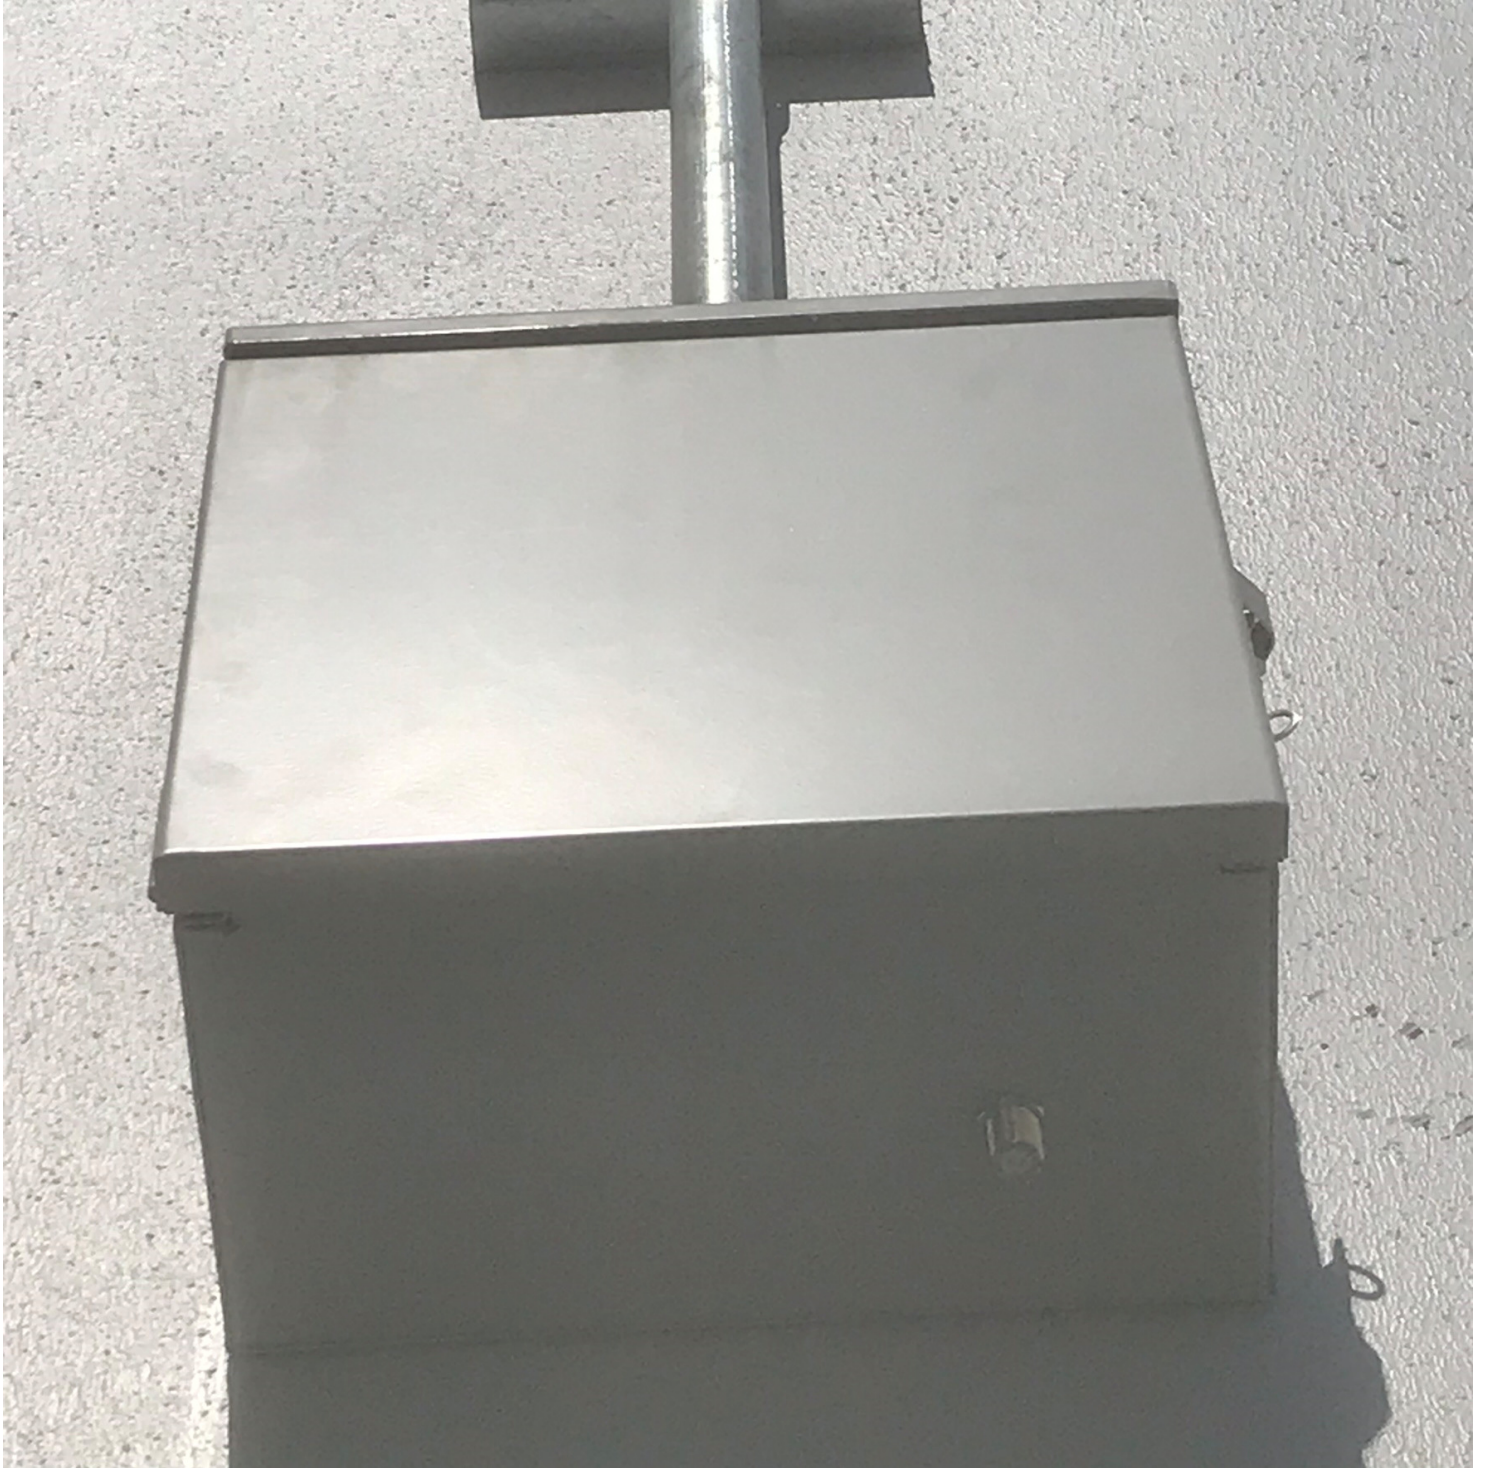

Easton Archery
(accessed from US 27-41 aka SR45)
24880 NW 16th Avenue

The antenna connection interior box is gray and is located the ESFD Office, room 112. Both lines tested fine with low SWRs.

The antenna is located on the outside wall with a port on the junction box to connect an HF, or other antenna as needed

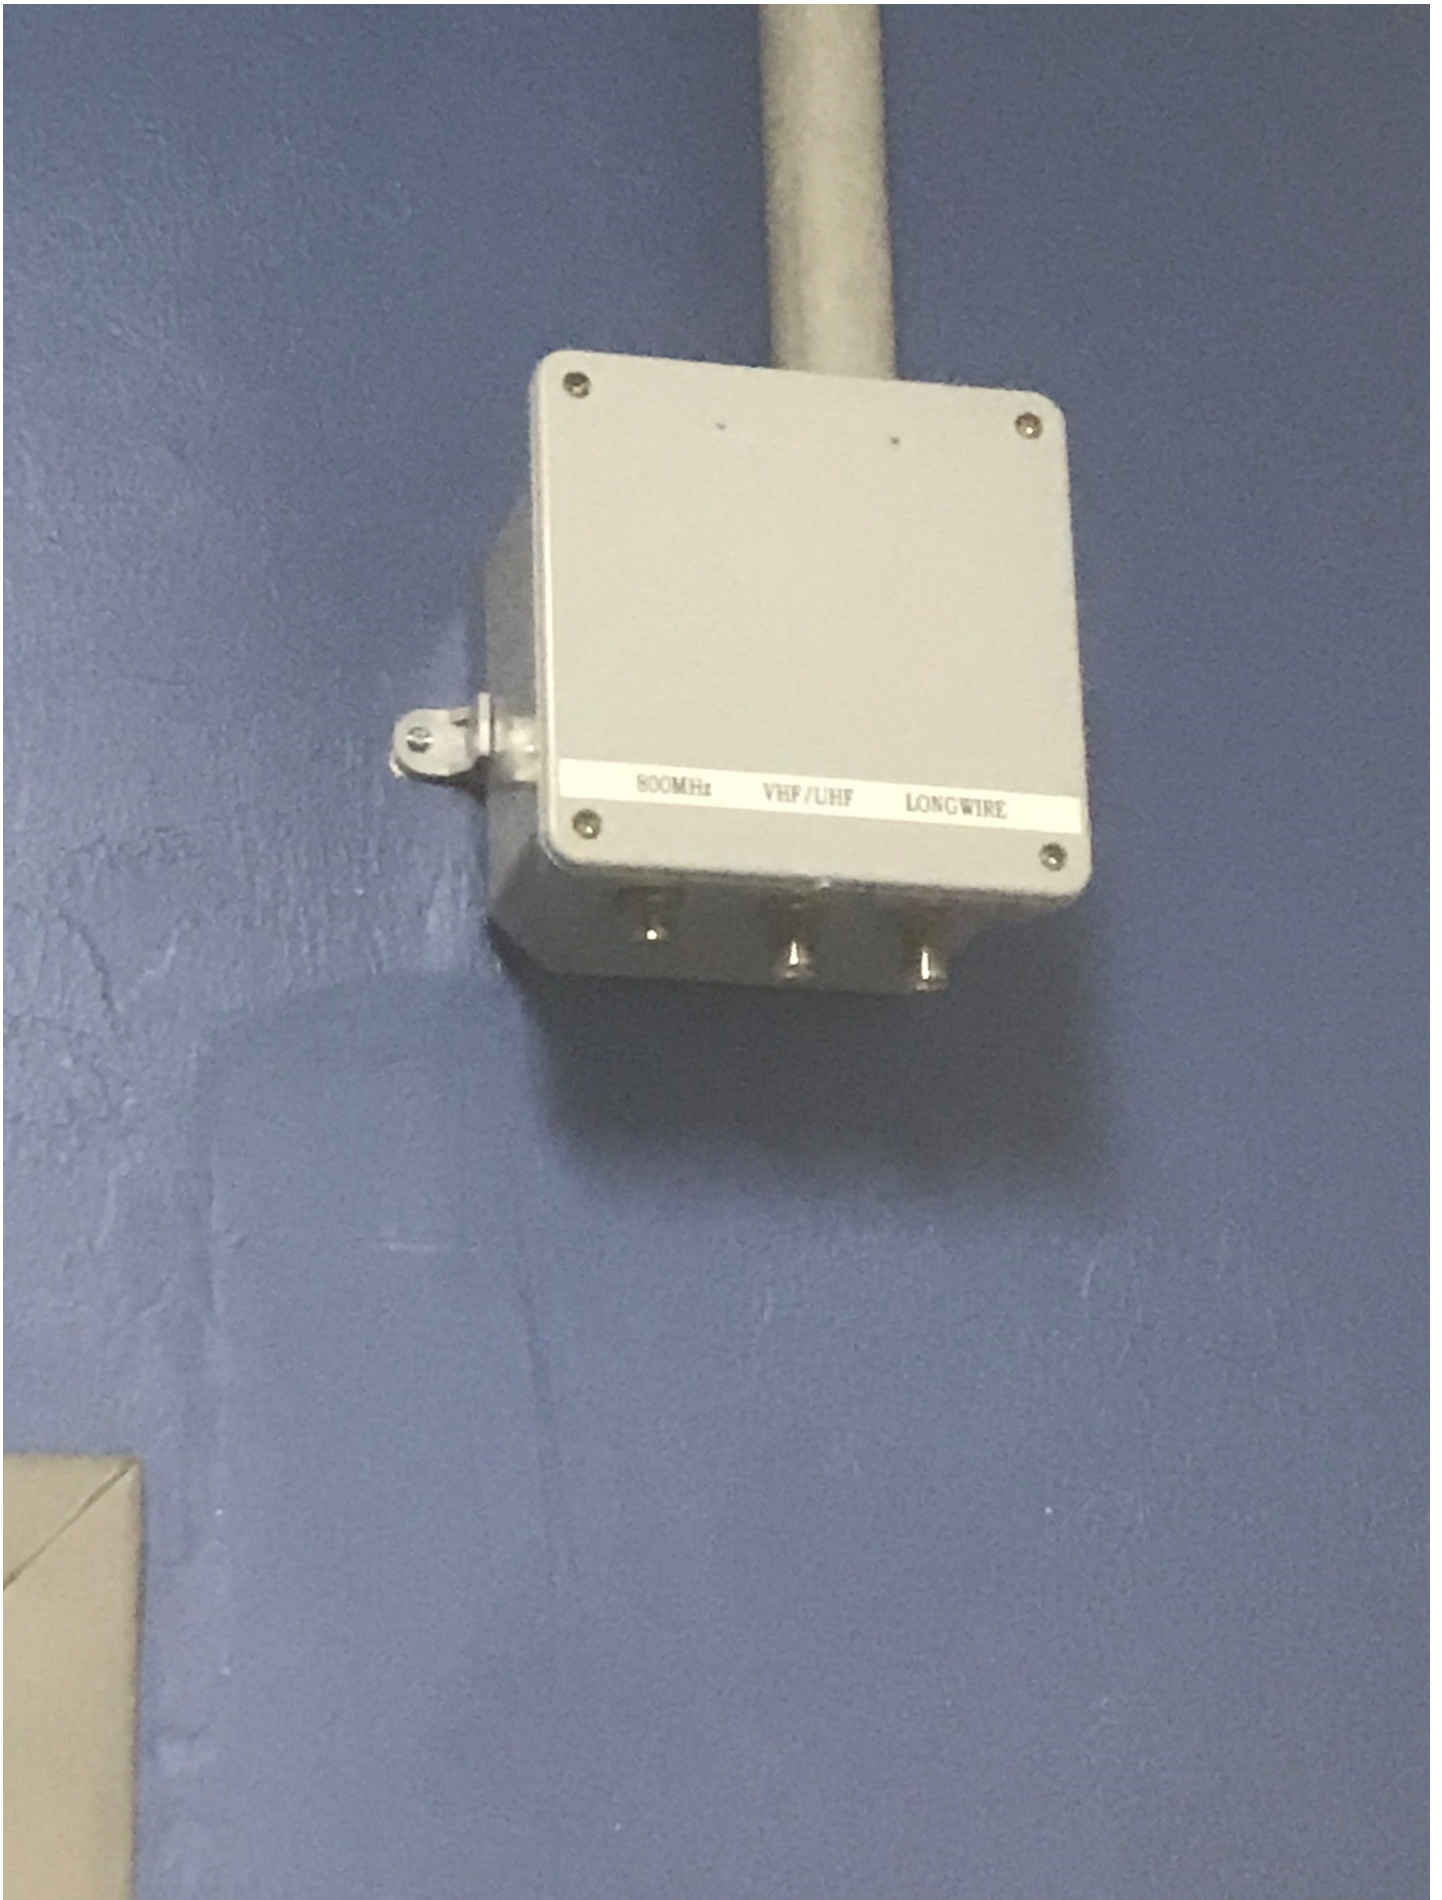

The door in the photo below leads directly to the gym floor where folks would be staying during a shelter activation.

Eastside High School
1201 SE 43rd St
Gainesville FL, 32641
